Paris, 23/08/91

Dear Mr Horanyi,

Please find enclosed for your Paris change-over of Sunday the first the following items

- (*) - a train ticket Paris Moulins - Toulouse
 - (*) - a reservation for the train 13424 -> 20430 (the one you are most likely to take)
 - (*) - a ticket for going from the airport "Roissy" to Paris with access to the internal Paris ~~metro~~ underground system (do not worry please because it is printed in reverse order on the ticket, they walk both ways and I obviously did not go to the airport for trying it!)
 - three metro tickets, for the case you would need them (in principle not)
 - a fume card, should you be in trouble at any stage
 - 100 F so that you can help yourself in need.
- (*) please keep them after use, except of course if the automatic gate swallows your Roissy Paris ticket in Paris Moulins (I do not remember the kind of gates they have there)

Here are the instructions for going from the biggest terminal to the Toulouse train.

- after checking through police and customs go straight out and look for the stop of the "Navette Roissy". Take the

next one going to "Gare SNCF - RER". Stop there and take the train with the enclosed ticket. Change RER train in the station "St Michel - Notre Dame". Take there the direction "RER C - Mairie Palaiseau / Dardanne / Etampes". The railway station "Gare d'Asnières" is the next stop for any train. There you look for the train 4409 leaving for Toulouse at 1324 and for coach N° 37 - Reserved Seat 37 (easy to remember in that case!)

If you miss the train because of delay of your flight you cannot find me (I do not yet have a number in my new flat in Toulouse) but you can call the "Porte de garde" of the Metro - France company in Toulouse

Go to a "card phone box

lift ("decocher")

Shift the card in as indicated ("insérer carte ou faire numéro d'appel")

Look ~~the~~ down the card position ("Rechercher le vol")

Wait until sign "credit ... Numéros" and

dial 16 - 6107 9030

wait for time

and explain them (probably in French) when you will arrive

"Ici Monsieur Horanyi - Message pour Monsieur Jelysz - J'arrive à

20h57	04.27
18h49	00.02
20h57	04.27
21h20	04.45
20h47	05.59

(*) depending on which train you can catch (without reserved seat in

that case)

The train table is indeed 1749 - 0002 (small extra fee to pay)

2057 - 0427

2120 - 0445

2047 - 0559 ("sleeping" train)

(Sorry for the time table mess I did on the previous page but the first of September is a "change" day for it - now you have the correct one)

I will be at the station at 20.30 if the guard has received no phone call from you. To recognize me I also enclose a photo.

I hope everything will go right.

Yours sincerely
